LRF/BREEDPLAN NEWS

Implementation of ILRONline - UPDATE

The LRF is very excited to announce that ABR/BREEDPLAN has started with the process of implementing their latest application, ILRONline, for most of the South African LRF societies. Some of the societies have started the testing process, and will soon move over to the live system.

ILRONline is a web-based application. The application will enable breeders to in real-time register animals, record performance information, transfer animals, dispose of animals, etc. on their society databases.

Some of the features that breeders can be looking forward to is the following:

1. List of all registered and pending animals at the society.
2. Extract a list of all your registered and pending animals in csv. format.
3. Register animals online at the society.
4. Register calves on the society database. With all the necessary checks in place.
5. Dispose of animals easily, without a need to fill in disposal forms.
6. Transfer animals to stud or commercial breeders.
7. Keep a list of buyers/sellers. Access to a list of all the buyers that you transferred animals to in the past three years.
8. Performance information:
   - See exactly which weights and traits have been recorded for a specific animal.
   - Record outstanding weights and traits.
9. Access to various reports.

The system has the same data quality checks in place as currently set up on the society database for society staff, to ensure that breeders enter data of good quality. The system describes each of the errors/warning clearly, as to inform breeders of the exact problem or which information was incorrectly entered or missing.

The system will be rolled out for all breed societies in the next few months, and we expect it to be done before the end of the year.

For more information, please contact your breed society office or the LRF office. Also watch the introduction to ILRONline video below.

ILRONline How to Record Traits: video

Implementering van ILROnline - OPDATERING

Die LRF is baie opgewonde om aan te kondig dat ABR/BREEDPLAN begin het met die implementering van hul nuutste stelsel, ILROnline, vir meeste van die Suid-Afrikaanse LRF genootskappe. Sommige genootskappe het reeds begin met die toetsfase en sal binnekort oorskakel na die lewendige stelsel.

Dit is 'n webgebaseerde stelsel. Die stelsel sal teen in staat sal wil doen sketse te registreer, rekords bywerk, diere oordra, ens. ens. terwyl die diere nog op die boerdery is. Dit sal die genootskapsdatabasis

'n Paar kortooms waarna teers kan uitsien, sluit onder andere die volgende in:

1. Lys van alle geregistreerde en hangende diere by die genootskap.
2. Trek 'n lys af van al u geregistreerde en hangende diere in csv. formaat.
3. Teen redes waarom diere hangend is.
4. Registreer kalwers op die genootskapsdatabasis. Met al die nodige kontroles in plek.
5. Kasteleer diere maklik, sonder om 'n kasvlaktoestroom in te vul.
6. Dra diere oor na stoet- of kommersiële telers.
7. Hou 'n lys van kopers/verkopers. Toegang tot 'n lys van al die kopers aan wie diere in die laaste drie jaar oorgedra is.
8. Prestasie-data.
   - Sien presies watter gewigte en eienskappe vir 'n spesifieke dier aangeteken is.
   - Teken uitstaande gewigte en eienskappe dmv die genootskap se databasis aan.
9. Toegang tot verskillende verslae.

Die stelsel beskik oor dieselfde datakwaliteitskontroles as wat tans op die genootskap se stelsel opgestel is vir die genootskapspersoneel, om te verseker dat teers data wat gaan gehalte invoer. Die stelsel beskryf elkeen van die foute/waarskuwings duidelik, wat teers rig oor die presiese probleem of watter inligting verkeerd ingevoer is of ontbreek.

Die stelsel sal in die volgende paar maande vir al die genootskappe geïmplementeer word, en ons verwag dat dit voor die einde van die jaar afgehandel sal wees.

Vir meer inligting, kontak gerus u genootskapkantoor of die LRF kantoor. Kyk ook na die video hierbo wat 'n oorsig van ILROnline gee.

LRF RTU Scanning Services

BOOK NOW!

We are currently busy with RTU scannings.

Costs: R75 per animal (since off and special price while technicians receive practical training) - minimum 30 animals per farm
R6 per km - accommodation (if it cannot be provided)

Animals that can be scanned: Bulls & Heifers between the ages of 300 - 800 days within contemporary groups)

Please contact the LRF office at (+27) 12 667 5258 or (+27) 81 844 4853 if you are interested in making use of the LRF's scanning services?

LRF skanderingsdienste

BESPREEK NOU!

Ons is tans besig met Uitsoomsee skanderings.

Koste: R75 per dier (Gemiddeld en spesiale prys terwyl tegnici praktiese opleiding ontvang) – minimum 30 diere per plaas
R6 per km – akkommodasie (indien dit nie verskaf kan word nie)

Diere wat geskandeer kan word: Bulle & Varse tussen die ouderdom van 300 – 800 dae.

Kontak gerus die LRF kantoor by (+27) 12 667 5258 of (+27) 81 844 4853 indien u belangstel om van die LRF se skanderingsdienste gebruik te maak?

CALENDAR 2021

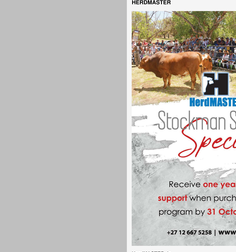
HERDMASTER



HerdMASTER tip

SPECIAL OFFER!!
Don't miss out on the HerdMASTER Stockman School special offer.
Receive one year's free support when purchasing the program by 31 October 2021.

Please contact Jeanine at the LRF office.

Latest YouTube video, How to use worksheets and filters in HerdMASTER.

Simplify data entry by making use of Worksheets and Filters to divide animals into smaller groups that are more manageable. Watch the videos below where Jeanine explains how to set up Worksheets and Filters.

HerdMASTER ambassador:

Meet HerdMASTER Ambassador **Kamah Simbra**. See how they fulfil their goal to supply genetics to increase the profits of their producers, by making use of HerdMASTER as a herd management software program. Watch the video below.

HerdMASTER YouTube channel

Please subscribe to our HerdMASTER YouTube channel to watch all the latest videos. Please let us know if there is a specific topic you would like a video on.

For any HerdMASTER enquiries please contact Jeanine Labuschagne on +27 12 667 5258 / +27 81 844 4853 (Whatsapp welcome) / herdmaster@lrf.co.za

Meet HerdMASTER ambassador Kamah Simbra : Ontmoet HerdMASTER Ambassadeur Kamah Simbra

Worksheets in HerdMASTER

Filters in HerdMASTER

HerdMASTER werk:

SPESIALE AANBIEDING
Moet nie omsy op die HerdMASTER Veeskool spesiale aanbieding nie.
Kneip jou program voor 31 Oktober en kry 1 jaar se hoerne gratis!

Kontak gerus vir Jeanine by die LRF kantoor.

Nuutste YouTube -video, hoe om "Worksheets" en "Filters" in HerdMASTER te gebruik.

Vereenvoudig die invoer van data deur gebruik te maak van "Worksheets" en "Filters" om diere in kleiner, meer hanteerbare groepe te verdeel. Kyk na die video's hieronder waarin Jeanine verduidelik hoe om "Worksheets" en "Filters" op te stel.

HerdMASTER ambassador:

Ontmoet HerdMASTER ambassadeur **Kamah Simbra**. Kyk hoe hulle hul doel bereik om genetika te verskaf om die wins van hul produsente te verhoog, deur gebruik te maak van HerdMASTER as 'n veebestuursprogram. Sien asseblief na video hierbo.

HerdMASTER YouTube-kanaal

Maak seker om in te skakel by ons HerdMASTER YouTube kanaal om na al die nuutste videos te kyk. Laat weet gerus indien daar 'n spesifieke onderwerp is waaroor jy 'n video wil sien.

Vir enige HerdMASTER navrae kontak gerus vir Jeanine Labuschagne by +27 12 667 5258 / +27 81 844 4853 / herdmaster@lrf.co.za

SOCIETIES/COURSES

Upcoming dates for Wagyu and Brahman module courses 2021 - please contact the relevant societies or the LRF office to register.

Wagyu	11 October 2021 - 15 October 2021	Understanding the Japanese Wagyu cow in SA
Brahman	1 November 2021 - 5 November 2021	Type to optimize production in the Sweetveld
Wagyu	6 December 2021 - 10 December 2021	Weaning the effect of pre-and postnatal nutrition
Brahman	13 December 2021 - 17 December 2021	Measuring the effect of pre-and postnatal nutrition traits

Wagyu	11 October 2021 - 15 October 2021	Traditional approach to Genomic Needs of the Feedlot
Brahman	1 November 2021 - 5 November 2021	Meat Quality in the Brahman
Wagyu	6 December 2021 - 10 December 2021	Genomics in your Wagyu herd and its implications

For advertisements in the LRF/BREEDPLAN monthly newsletter, please contact Mrs Isaan du Plooy at office@lrf.co.za or 012 667 5258.

Vir advertensies in die LRF/BREEDPLAN maandelikse nuusbrief, kontak gerus vir Ms. Isaan du Plooy by office@lrf.co.za of 012 667 5258.
